Branch General (Education)

Subject. Provision for Taluk School Buildings during 1904-1905.

Letter No. 8534 of the 22nd March 1904 from the I.G.P. of Schs. in Mysore.

With the above letter the I.G.P. submits a list of buildings for which appropriations will be required from the State Fund Budget for the next official year.

		Rs.
1)	Incomplete works.	7785-
2)	New works —	35513-
3)	Amount required for lapsed appropriations of 1903-04	1000--
4)	Minor works and Repairs —	3000--
	Total	47,298--

The Normal provision for Taluk School buildings is Rs 1000 a year. For the current official

year a sum of Rs 20,000 in-
cluding the normal provision
was sanctioned.

The Dist requests that
a liberal grant may be sanc-
tioned for 1904-1905.

Subd for order.
Kolls
19/4/04

Judging from the particulars
mentioned in the Nileswar the new
works nos. 1, 2, 4, 5, 6, 12, 13, 14, & 18 do not
seem to be so urgently required as the
others. If the former are left out,
the appropriation might be reduced
by Rs 20,676, or to Rs 26,622.
Perhaps a lump sum provision of Rs 27,00
may be permitted to be made; or, allowi
for D.O.W charges (which have not been
included in some instances), Rs 30,000.

(Council Matter)
19/4/04

It is impossible that grants
to a considerable in excess of
the normal grant can be given
for new works. The normal
grant of Rs 10000 may be
sanctioned - The sum of Rs

a References are
not before the
exam in another
connection -

[illegible] required for the completion
of incomplete works may also
be sanctioned - The Road M
required for [illegible] labour
to enable us to
— from apprehended [illegible] at the end of this year
now be dealt with. It is not
a new grant but will be made
for purposes of accounts - This
soon as the exact amount
of labour is ascertained
formal sanction to a renewal
may be given in due course

In addition to the said
two lacs of Rs 10000 and Rs 7785
a small sum of Rs 2215
may be given to meet urgent requisitions - The
total grant will then be
the same as in the current
year namely Rs 20000 & this
I do not think is illiberal -
The choice of works to be undertaken within
the limit of the allotment
may be left to the D.C.
who is in a better position
than Govt to decide the
order of priority

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE,

No. 8534 / 32-2 with / statement. Camp Bangalore, 15th / 22nd March 1904.

From

G. 3261.

H. J. BHABHA Q., M.A
Inspector ral of Education in Mysore,

Serial No. 1

To

B. K. Venkat Vardiengar Esqre
Secretary to the Government of H.H. the
Maharaja of Mysore,
General and Revenue Departments.

SIR,

I have the honour to forward herewith a statement showing the urgent needs of school buildings from the Provincial Funds. The probable cost of completing during 1904-5 the works sanctioned in 1903-4 but remaining unfinished at the end of the year is roughly taken at Rs 7785/-. The estimated cost of new works amounts to Rs 35,513. A sum of Rs 1000/- is reserved as the approximate amount required for lapsed appropriations of 1903-4. For Minor works and Repairs a sum of Rs 3000/- is entered. The total estimated cost of buildings amounts therefore to Rs 47,298. Under these

circumstances I respect that Government may be pleased to sanction as liberal a grant as possible for Public School Buildings from Provincial Funds for the next official year 1904 5.

I have the honour to be,

Sir,

your most obedient servant,

H J Braba

Inspector General.

Bir

Remarks.

Plan and estimate have to be prepared. Of the extent of 1450 sq yds site required for the proposed building the private site measuring 900 sq yds was acquired by purchase for 150 Rs through the Deputy Commissioner. Materials of the old school building here were sold for Rs. 17½. The Divisional Officer has been asked to mark off the site intended for the building proposed to be erected. At present the school is in a rented house.

Plan and estimate are ready. * This is exclusive of the D.P.W. establishment charges. The line of rooms will be similar to that at Kallai with a slight difference in the dimensions of the rooms.

Plan and estimate are ready. * This is exclusive of the D.P.W. establishment charges. The Anglo-Vernacular school is now held in a rented building very inconvenient for the school. It is under correspondence. Require a site measuring 5 acres, 18 guntas and 110 sq yds costing Rs. 69

Plan and estimate are to be called for. There are two Govt. owned sheds and a rented house here. The Deputy Inspector proposes that the Govt building with two rooms occupied by the Anglo-Vernacular may be sold and says that it will fetch about 500 Rs. He reports that the building called the Municipal English School building is now conveniently occupied by the Hindustani School. A site (Survey No 70) has been selected by the Architect and the Inspector for putting up the proposed new building thereon.

Plan and estimate are ready. The estimated cost is exclusive of D.P.W. establishment charges.

plan and estimate are ready. ✕ This is exclusive of the D.P.W. establishment

A building site near the old Sarai Line, has been selected, and the Commissioner, Kolar District has approved of the same.

---

plan and estimate will be the same as for Bowringpet Hindustani school building. The Girls' School is now held in a rented building it is not suitable for the purposes of a Hindustani Girls' School. The ing members of the Mohammadan community ask for a new building.

Executive Engineer, Shimoga Divn. thinks that by the addition long room in the rear of the building the want for more commodation can be supplied. The long room will be like that ed at Shiralkoppa

341/- includes the D.P.W. establishment charges. The Holalkere Anglo- ular School was paved with flooring tiles at a cost of Rs 341/-

estimate has been signed by the D.P.W. Sub-overseer.

It is before

construction of a new building at Chikmaskanhalli has been sanctioned from ilding allotment for the official year 1903-4. A site for the erection new school building thereon has been purchased through the Dy missioner, Tumkur District for Rs 265-8-0. A football club has ened in connection with the school and a spacious compound is tably necessary, to use it as a play ground. 2 fields wing 5 acres and 2 guntas have been selected in consultation with Deputy Commissioner Tumkur Dt, and he is of opinion that Rs 200/- d be paid as compensation for each acre and that this amount is not high.

Name of work	Amount of the estimate	Probable appropriation for the year 1914-15
Constructing a new building for the Lower Primary classes of the Anglo-Vernacular School and for the Girls' School at Nagar	V Village School Design (About 4,000 Rs)	3600
Constructing quarters for two masters of the Taluk Kannada School, Kalasa	1000	1000
Constructing a new building for the Pariah School, Kottagere	465	465
Constructing a building for the Kannada and Hindustani Schools at Alur, Hassan Taluk	2069 (III Village School Design)	1000
Extending the building of the Anglo-Vernacular school, Kadur	800 Rs (roughly)	800
Constructing a new building for the Holeya School at Malvalli	698 (I Village School Design)	698

The Infant classes and the Girls' school are now held in a rented building, as the old Taluk Cutcherri where they were located has been pronounced both by the Superintending Engineer and the Executive Engineer to be unsafe for occupation. A new building is therefore necessary.

Two masters of the Taluk School may be permitted to occupy the quarters proposed to be erected on monthly rent fixed for Govt houses. The Taluk Officials here have been provided with similar quarters.

The estimate was prepared by the Executive Engineer. It does not include the P.W. establishment charges. There are 4 villages within 1 mile from Kottagere there are in all 360 Vokkaligas and Madigas and there are 48 pupils of school-going age. The School is likely to be permanent in the place the plan of the proposed building is ready. Roll-30, average daily attendance - 21.

The present buildings of the Kannada and Hindustani Schools at Aluru are rented ones not suited for the purposes of the schools. The people have promised to subscribe 400 Rs of which 149/- Rs has been collected and deposited in the Treasury as reported by the Aluru Dy Amildar through the Dy Commissioner, Hassan Distt

The extension is necessary, as the present accommodation is insufficient, and for want of space some classes are held in the verandah.

The present building in Holagere is not spacious and suitable for the improvement of the School - Roll - 23, average daily attendance
